

FOR IMMEDIATE RELEASE

EFM's Quality Assurance in New Hands

EFM – Gesellschaft für Enteisen und Flugzeugschleppen am Flughafen München mbH has a new quality assurance representative. Today Sven Lange (35) has officially taken over the job from Florian Barske (36) who has been responsible for EFM's quality and environmental management for nearly eight years and will now give his full attention to his job as head of operational services.

Lange acted as IT system administrator for the German Air Force for ten years. In July 2006 the native Leipziger completed his 2-year training in computer science as a state certified technical engineer. At EFM Lange is not only responsible for the quality and environmental management but also for the IT system administration.

EFM received quality management certification under ISO 9001 in July 1997. In addition, the company received ISO 14001 certification for its environmental management in July 2003.
